

— SPONSORSHIP GUIDE —

# Next-Generation Cell & Gene Therapy Conference

November 10-12, 2027  
Baltimore, MD

🌐 [nexcgt.ircconferences.net](https://nexcgt.ircconferences.net)

✉ [secretary@nexcgt.org](mailto:secretary@nexcgt.org)

NexCGT-2027 brings together industry leaders, innovators, clinicians, researchers, investors, and decision-makers to discuss the latest scientific discoveries, technological advancements, translational research, and commercialization strategies shaping the future of next-generation cell and gene therapies.

## Scientific Sessions

- Translational Cell & Gene Therapy: From Discovery to Clinical Impact
- Gene Editing, Cell Engineering & Advanced Therapeutic Platforms
- Clinical Development & Commercial Translation
- Manufacturing Innovation & Supply Chain Excellence
- Regulatory Strategy, Market Access & Commercialization
- Industry Leadership Forum: Innovation, Investment & Partnerships

## Sponsorship & Exhibition Opportunities

Position your organization at the forefront of one of the fastest-growing sectors in life sciences and advanced therapeutics.

### Connect with Key Decision Makers

- Senior executives from biotech and pharmaceutical companies
- Clinical leaders and physician-scientists
- Manufacturing, process development, and CMC professionals
- CDMOs, CROs, and supply chain partners
- Regulatory affairs and market access experts
- Venture capital firms and strategic investors
- Academic innovators and translational research leaders

### Why Sponsor NexCGT-2027?

Sponsoring NexCGT-2027 provides an opportunity to showcase your products, technologies, and services to a highly targeted audience, generate valuable sales leads and strategic partnership opportunities, and enhance your brand visibility among leading professionals and decision-makers. It also enables direct engagement with emerging biotech companies and startups while fostering meaningful collaborations across academia, healthcare, and industry. Sponsors can further explore potential investment, licensing, and commercialization opportunities within the rapidly evolving cell and gene therapy landscape.
